Expand to **60 European Universities with more than 500 universities by mid-2024**, with an Erasmus+ indicative budget totalling EUR 1.1 billion for 2021-2027.

Examining the need for and feasibility of institutionalised cooperation instruments, such as a possible **legal status for alliances of higher education institutions**: pilot as of 2022 under Erasmus+ the implementation of existing European instruments

Explore common criteria leading to a potential **European label for joint programmes**, to be piloted as of 2022 under Erasmus+. Later on, the possible design and delivery, on a voluntary basis, at national, regional or institutional level, of joint degrees at all levels, based on these co-created European criteria, could be envisaged

Widening the implementation of the **European Student Card initiative**.

## Exceptional measures for support to Ukraine

- The Erasmus+ programme has been **opened up to incoming** higher education students and staff from Ukraine in mobility projects supported by EU internal policy funds
- They will have an opportunity:
  - to spend a period at a hosting higher education institution, or
  - to complete a traineeship in the host HEI or another organisation
- KA2 beneficiary institutions of ongoing Erasmus+ projects are encouraged and supported to **reallocate part of their project funds to adapt or refocus activities** supporting the education challenges related to the refugee crisis.
