www.wiso.fh-osnabrueck.de/ibm-bae.de  
Programme Coordinator: Ms Anne-Christin Stockmeyer

Fachhochschule Osnabrück  
University of Applied Sciences

- Full-time study programme - 6 Semesters – intake of 40 students per term

- > a broad-based training in business management with a clear international focus
- > studying in a multicultural study group and environment
- > English as language of instruction
- > training in one further foreign language

Foreign languages and stays abroad not only broaden your horizon but clearly improve your prospects on the labour market.

We make it our business to support you in achieving these goals.

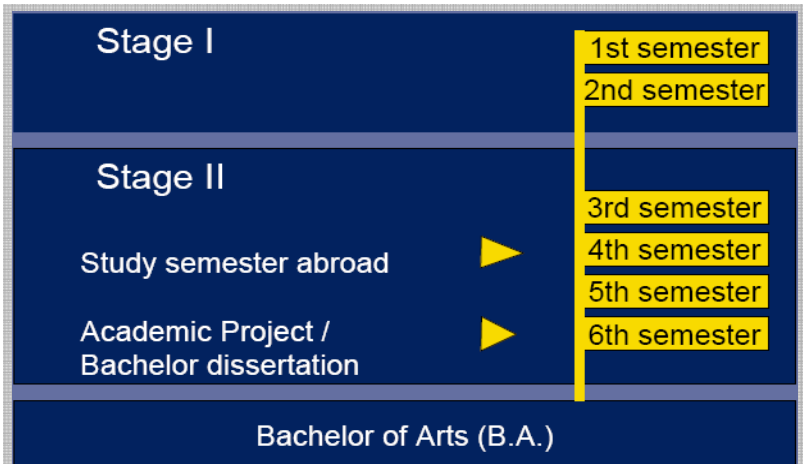

- integrated study semester abroad at one of the faculty's more than 100 partner universities all over the world

- full transfer of credits

- students select electives and specializations individually

- individual support by course coordinator and International Faculty Office

### Structure of the Programme

#### Stage I

Principles of Business Management and Economics, Communication and Key Qualifications, Foreign Languages

#### Stage II

Specialization in International Management, Study Semester abroad with electives and individual specialization

**Be prepared for today's global world**

- choose our international programme
